Join us in congratulating Daniel and his team in the DR as they launch the first DREAMS in the DOMINICAN REPUBLIC!

Dreams Punta Cana Resort & Spa will debut in December 2007 following a multi-million dollar enhancement of existing resort Sunscape The Beach Punta Cana. This will be the first "Unlimited-Luxury" resort and the first Dreams Resorts & Spas property in the Dominican Republic.

More than 8 million US dollars in renovations call for the addition of hydromassage tubs in every guest room, hammocks outside all ground-floor rooms and suites, wireless internet access throughout the hotel, and an illuminated do-not-disturb system for each room. The Preferred Club offers guests an even higher level of service, daily afternoon and evening hors d'oeuvres, 24-hour concierge service and upgraded amenities and more.

The property's nine existing restaurants and bars will be beautifully enhanced with new furniture, décor, sound and light systems, redesigned kitchens, and a wine cellar for guests' enjoyment. In addition, a luxurious new seafood dining experience, Oceana, and a brand new crepe restaurant, Crepes & Co., will be added to the resort, offering guests a total of 11 dining and beverage choices during their stay.

Also, the property will invest more than one quarter million US dollars in the addition of a new dedicated Teen's Club to cater to the needs and desires of its teen guests. Kids over 13 years of age will enjoy amenities including archery, billiards, video games and more. This will be the first of the Dreams Resorts & Spas properties to feature the Teen's Club program.
