Dear Lina:

Well it is official at HRG, no one is allowed to book a cruise unless it is through Buy-the-Sea! Sam announced this yesterday in our weekly staff meeting.

On behalf of our client, we would like to extend our heartfelt thanks to you, Sandy and Jaci for helping to make the Caribbean Poker Classic a huge success! We have received positive comments from our participants.

The planning stages were not without challenges but Lina you were on top of all the details and never missed a beat! A very special thank you for working your magic and getting the poker equipment onboard the ship. Without the equipment there would have not been a poker tournament!

Please extend my thanks to Jaci for all her assistance in the emailing process of documents. We learned a lot and now know how to make this a smoother process for the next group.

Lina, it was a pleasure working with you. You are truly a classic act and I look forward to working with you again in the near future.

Best Regards,

 XX
